Definition: Thing1

So there I was thinking to myself that I should be watching myself and guess what!!! That grubby bastarDDD nigel planar decided to pop in and have a bit of me tea. So there I was thinking to myself that I should be watching myself and guess what!!! That grubby bastarDDD nigel planar decided to pop in and have a bit of me tea. So there I was thinking to myself that I should be watching myself and guess what!!! That grubby bastarDDD nigel planar decided to pop in and have a bit of me tea. So there I was thinking to myself that I should be watching myself and guess what!!! That grubby bastarDDD nigel planar decided to pop in and have a bit of me tea. So there I was thinking to myself that I should be watching myself and guess what!!! That grubby bastarDDD nigel planar decided to pop in and have a bit of me tea. So there I was thinking to myself that I should be watching myself and guess what!!! That grubby bastarDDD nigel planar decided to pop in and have a bit of me tea. Mind you I was quite vexed, ohhh yesss, vexed indeed.
